

**Gold Equivalent Ranking of GRC's Drill Intercepts  $\geq 0.25$  oz/tonne  
As of June 2008**

**GOLD RESOURCE CORPORATION DRILL HIGHLIGHTS 6-18-08 (0.25 oz/tonne AuEq\* or >)**

This list represents individual drill intercept highlights in descending order of Gold Equivalent\* in ounces/tonne (oz/tonne). These individual intercepts vary from 2 meter to 0.5 meter widths as indicated in the table. The intercepts are from four different areas color coded to match the intercept with the area. The El Aguila Project's three deposits are represented by; El Aguila open pit, El Aire veins and the La Arista veins. The El Rey property vein intercepts are listed here as well.

Color Code
El Aguila
La Arista
El Aire
El Rey
